Genexis FiberTwist P2000-Series Point-to Point (PtP)

Compact network demarcation

Providing Gigabit fiber connectivity to any desired location in the home, is one of today's major challenges.

With the endless variety of different deployment scenarios and end-user requirements, this calls for a flexible and scalable connectivity solution. With the FiberTwist product range, Genexis introduces a unique broadband connectivity solution that redefines size, ease of installation and flexibility for the distribution of fiber bandwidth throughout the entire home.

Key features

- · Compact, fully managed Point-to-Point network demarcation
- A flexible solution matching both single-dwelling and multidwelling deployment scenarios
- Patented FiberTwist click-on interface on the FTU or Bracket, enabling trouble-free, DIY end-user installation
- Flexible management via TR-069, CLI, DHCP/TFTP and SNMP
- · Optional integrated CATV receiver
- $\cdot\,$ Up to 4 Gigabit LAN ports to connect external devices, such as a Residential Gateway and various Layer 2 services
- $\cdot\,$ LED dimming
- Wall junction box compatible

A perfect fit for every deployment scenario

The Genexis FiberTwist product family has been developed in such a way that it can be integrated into various deployment models, including single-dwelling and multi-dwelling scenarios.

Using products from the FiberTwist FTU family, the demarcation point can be extended to any desired location in the home, enabling easy access and installation of services.

Its small size (110 x 110 x 46 mm) makes the FiberTwist a perfect fit in any environment, be it a living room, metering cabinet or basement.

Product features and specifications

Genexis FiberTwist P2000-Series Point-to Point (PtP)

General specifications

Dimensions (H x W x D) 1^{-1}	
Weight (without an CATV)	176 g
Weight (with CATV)	225 g
Power supply voltage	12 Vdc ± 5%
Operating temperature	0 - 40 °C
Storage temperature	0 - 70 °C

Power consumption (EU-CoC-BBE)

P2110B	3.0 W Idle Mode
	3.0 W On Mode
P2410 & P2411	3.0 W Idle Mode
	4.9 W On Mode
P2414	3.6 W Idle Mode
	5.8 W On Mode
P2420	5.4 W Idle Mode
	7.4 W On Mode

WAN interface

Tx wavelength	1310 nm	User i
Rx wavelength**	1490/1550 nm	1 x Ur
Optical output range	-93 dBm	1 x Re
Optical input range	-233 dBm	1 x LE

Network interface

Single mode fiber (ITU-T G.657) SC/APC connector Up to 20 km range Compliant with 1000BASE-BX20-U Compliant with 100BASE-BX20-U Auto sensing 1Gb/s and 100Mb/s

Voice features*

SIP based Voice-over-IP G.711 A-law / µ-law codec G.729 codec 5 REN support Line Echo Cancellation DTMF: In-band, RFC2833, SIP-Info

Class 5 features

* Applicable to selected models only

** The WAN receiver is wideband. In case it is combined with CATV it is sensitive to 1490nm only

*** Not applicable to the FiberTwist P2110B
