Genexis Group AB (publ) is headquartered in Stockholm with operations through its subsidiaries in Europe. Genexis offers user-friendly and easy-to-install broadband products in the fiber-to-the-home and WiFi segments. The products are based on market leading technology, have a patented design and are fully manageable using the company's CloudSight platform. Genexis Group also includes IOPSYS, the company behind IOWRT, an open source hardware-independent software that enables broadband operators to lower their TCO as well as offer next-generation services independent of CPE platforms.
