Installation guide

Different language versions of this document and additional product information are available on <https://genexis.eu/product/fibertwist/downloads>

Box contents

- Genexis FiberTwist (active device)
- Power adapter
- Label (self-adhesive)
- Installation Guide (this document)

Label position

The product label is positioned on the back of the active device.

Preparation

Ensure there is a power socket within reach of where the device is being installed.

Important: Instructions need to be followed precisely and uninterrupted. This minimizes the risk of damage to the fiber optic connectors, causing a severe degradation of signal quality.

Remove Blind Cover (if present)

1. Press and hold the unlock button (see button overview).
2. Rotate the Blind Cover counterclockwise till it blocks.
3. Remove the Blind Cover from the baseplate (FTU) by pulling it towards yourself.
4. Store the Blind Cover in a safe place.

Remove dust cap

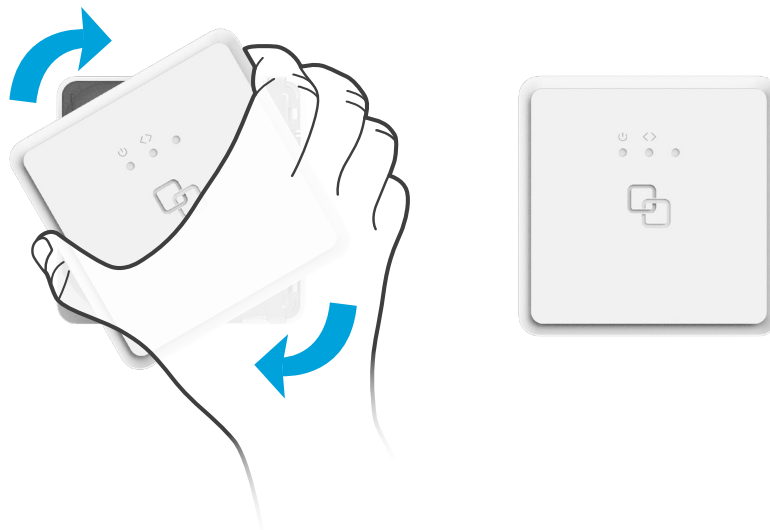

1. Take the FiberTwist out of the box.
2. The dust cap is connected to the red string located on the rear of the FiberTwist.
3. Remove the dust cap by pulling the red string.
4. Store the dust cap in a safe place.

Twist!

1. Place the FiberTwist on the FTU as shown in the picture below, in a 30-degree angle.
2. Rotate clockwise until it clicks into place.
3. Make sure the FiberTwist is aligned squarely on the FTU, each edge must line up directly with the FTU below.

Your FiberTwist is now installed!

Connecting the FiberTwist

1. If required, connect your personal devices to the LAN ports via an RJ45 network cable.
2. Connect the supplied power adapter to the FiberTwist and plug the adapter into a power socket.

Changing your router settings

Depending on the network configuration of your operator, the FiberTwist-P3410 and FiberTwist-P3411 can also provide support for routing functionalities. If this is the case, the router settings can be changed by logging in to the web GUI using below instructions. If routing functionality is not supported by your Service Provider, the web GUI will not be reachable.

1. Connect a computer to one of the LAN ports.
2. Log in to the web GUI by browsing to `http://router/`
Your username and password can be found on the label inside the product box.

If at some point in the future it becomes necessary to uninstall the FiberTwist, please place the Blind Cover back on the FTU immediately and put the dust cap back on the FiberTwist.

Warning: The FiberTwist is a Class 1 laser product.

EU Declaration of Conformity

Hereby, Genexis B.V. declares that the products FiberTwist-P3410 and FiberTwist-P3411 are in compliance with Directives 2014/30/EU, 2014/35/EU, 2011/65/EU, Delegated Directive 2015/863 and Ecodesign Directive 2009/125/EC.

The full texts of the EU declaration of conformity are available at the following internet addresses respectively: <https://genexis.eu/red/ft-P3410>, <https://genexis.eu/red/ft-P3411>
